Mid-America Business Systems is a full-line records management company that has been in business locally within the state of Minnesota for over 32 years. We have a tremendous amount of experience working within the State Courts System and have provided solutions and services that include:

- EMC ApplicationXtender Content Management Software
- EMC EmailXtender - Email Management Solution
- EMC Centera Back- End Archival Storage Solution
- Full-Line of Document Scanners – Canon, Bell & Howell, Kodak, Etc.
- Document Conversion Services

Mid-America currently holds a State Courts Contract for providing the products and services mentioned above. In addition to the State Contract Mid-America has developed an integration with the Minnesota Courts Information System (MNCIS). The integration provides a seamless and productive process for capturing Court Documents as an electronic image and retrieving those records directly through MNCIS. If your District is looking for ways to stream-line your business processes utilizing technology, then Mid-America Business Systems have something for you to consider.....

Existing State Court Districts that Mid-America is working with include:

- Second District Court
- Fourth District Court
- Tenth District Court

Please visit our booth at the MACM Conference on Monday afternoon for a demonstration of our MNCIS integration. Also, contact Kevin Heath at Mid-America for any additional information on our products and services.

The toughest thing in this courtroom
is not wearing a robe.

The evidence is overwhelming. Genuine Smead Tuff™ products are our toughest ever. If there's one place you need to keep it together, it's in court. You already have plenty to think about, without worrying about your important case records. Our Smead Tuff products are the toughest wallets, pockets and expanding files we've ever made. Take a closer look – it's an open-and-shut case. Smead Tuff products simply last longer. Whether you're in the office, traveling or about to face the toughest judge on the bench, Smead Tuff products are built strong and ready to take on the toughest work out there. Just like you. www.smead.com/tuff

Affordable High Tech Courtrooms Building Solutions Together

You may be wondering...

How do I overcome some of the physical challenges of the courtroom?

- ▶ Line of sight issues
- ▶ Power and cabling
- ▶ Historically registered buildings
- ▶ Permanent infrastructure or mobile solutions

Should I integrate Video Conferencing, Video Arraignment or Digital Recording?

How do we minimize support requirements for technology in the courtroom?

How do I learn what is possible, what is important or cost justifiable?

Collaboration... Nomad sales and technical staff work with you to answer these questions and guide you through the design and implementation of technology in your courtroom.

Experience – Nomad has helped courts throughout the country to define, acquire, implement and support Electronic Evidence Presentation Systems and related technologies.

NOMAD SOLUTIONS

Nomad offers permanent and mobile turnkey evidence presentation systems tailored to meet your unique vision and budget. Special courtroom options are available including:

Annotation, Witness Annotation, Judge Preview, Judge Override, Zone Control, and more...

Height Adjustable Podium —
Wheelchair Accessible, ADA Compliant!

6565 Kimball Drive, Suite 200
Gig Harbor, WA 98335
Telephone: 253-620-7368

Alliance One Receivables Management Inc. provides tailored debt collection services to hundreds of court clients nationwide at the local, state, and federal echelons. Our Government division assists courts in the enforcement of justice, while maintaining the highest levels of confidentiality and customer service. We focus on developing unique solutions for courts, including: pre-collection services, time payment monitoring, driver's license restoration programs and flexible data communication. Our agency customizes programs to meld with every court's individual business model. AllianceOne provides dedicated contract teams that work with a client from contract implementation to completion. Our motto, *"Complaints, you don't want them, AllianceOne doesn't get them!"*

JAVS®

All Digital Totally Integrated Systems

Contact: Lee Cecil
13020 Middletown Industrial Boulevard
Louisville, KY 40223
Telephone: 502-244-8788

JAVS, Clients around the world trust JAVS to make the official record of their important proceedings. Our advanced audio/video technology enables you to easily record, with verbatim clarity, all the sights and sounds of even the busiest rooms. No other company comes close to the quality and reliability of JAVS' technology. But that's just the beginning...JAVS digital technology makes the official record infinitely usable and valuable. Reviewing a record is as easy as watching a movie at home or on a portable DVD player. You can quickly and effortlessly locate the exact moment you want to review. Speakers are automatically identified on-screen, so there's never a question of who's speaking. And digital storage allows amazing capacity and simplicity. JAVS experts deliver smart, customized solutions that streamline your operation and create an official record that is easy to use, accurate and secure.
